This is the perfect scavenger hunt for a unique Easter Egg hunt for someone special! Change up your normal Easter Egg Hunt and hide these clue cards that contain riddles or coded messages within plastic eggs. As the hunter finds an egg, they are to solve the coded message or riddle which will reveal where the next egg is hidden. After finding the clue-containing eggs in a consecutive order - they'll eventually reach the big Easter prize at the end such as a big stuffed animal, huge chocolate bunny, or go all out and hide an Easter basket full of candy and fun Easter toys!

EGG'STRA SPECIAL EASTER EGG SCAVENGER HUNT

The EGG'stra Special Easter Egg Scavenger Hunt was created for you to have a unique Easter Egg Hunt experience for your special Easter Hunter(s)! The clue cards (labeled A-Y) can be used in any order you wish and you can omit any clue cards that you do not want to use to make your hunt any length and / or difficulty that you desire. We realize that you may not have all of the locations within your home - so simply omit these clue cards from the hunt.

PREPARATION: Print this kit and cut out the clue cards. Slip each of the clue cards below into brightly colored plastic Easter Eggs. If there's room - add a piece of candy in each egg! For smaller eggs, you will need to fold the clue cards 2 ways into a small square. Prior to the hunt, you will need to hide one Easter Egg per location that you will use in the game. Fill in the Master Hunt list (using the Master Hunt List on page 11) with the order in which you will hide your clue cards including the answer to each clue card that the hunter is to find and therefore solve (which will be the next location in the chain) so you can keep track during the hunt (i.e. how many cards are left to be found, where they are located and in case they need a hint - you'll be ready to help)!

THE ANSWERS TO THE CODES/RIDDLES AND WHERE TO HIDE THE NEXT CLUE CARD IN THE HUNT ARE AS FOLLOWS:

You decide the *difficulty* of the clue-card location. For example, with a younger child, for the clue card following 'A' that is to be hidden in the refrigerator, you would simply hide it where it could be seen when the child opens the door. However, for teen/adult hunters, you can hide it in a more difficult place within the refrigerator like maybe an egg carton!

- A.** Hide the next clue card in the *refrigerator*. Solved by solving the riddle.
- B.** Hide the next clue card next to / under a *lamp*. Solved by solving the riddle.

**There are 25 clue
cards in the
purchased
version of this
scavenger hunt**

For example: when the hunter solves the riddle to clue card A, the next clue card in the hunt is to be hidden in the refrigerator. Then, choose any clue card to hide in the refrigerator such as clue card W. Then, the next in the chain will be hidden in the food pantry...and so on...until you decide to hide the 'big Easter surprise!'

For example: If you do not want to hide a clue card in the refrigerator – do NOT use clue card A – omit it from the hunt. You can use these clue cards in any combination / order that you desire. Just do not forget to make a master list (page 11) of the order and the solutions of the cards as you hide them.

A - Hide the clue **following A** in the refrigerator.

B - Hide the clue **following B** under / around a lamp
